In order to escalate the detainee's emotions, a mask was made from an MRE box with a smily face on it and placed on the detainee's head for a few moments. A latex glove was inflated and labeled the "sissy slap" glove. The glove was touched to the detainee's face periodically after

explaining the terminology to him. The mask was placed back on the detainee's head. While wearing the mask, the team began dance instruction with the detainee. The detainee became agitated and began shouting.

Interrogator began by reminding the detainee about the lessons in respect and how the detainee had disrespected the interrogators. Began teaching the detainee lessons such as stay, come, and bark to elevate his social status up to that of a dog. Detainee became very agitated.

21 December 2002

2223: As I began to inform the detainee of the changes the Saudi government has been making in order to support the efforts of peace and terror free world I began to engage closeness with the detainee. This really evoked strong emotions within the detainee. He attempted to move away from me by all means. He was laid out on the floor so I straddled him without putting my weight on him. He would then attempt to move me off of him by bending his legs in order to lift me off but this failed because the MPs were holding his legs down with their hands. The detainee began to pray loudly but this did not stop me from finishing informing the detainee about the Al Qaeda member, Qaed Salim Sinan al Harethi aka Abu Ali, that was killed by the CIA.
